SAN ANDREAS, Cal., Dec. 26.—The latest report from the Angels disaster is that seventeen, and probably nineteen men, are buried in the mine, and all hope of ever recovering the bodies has been abandoned owing to the caving of the surface on Tuesday. The miners are now taking out ore, but the work will probably be directed towards the spot where the bodies are buried.

A Race Riot.

By Associated Press.]

SAVANNAH, Dec. 26.—A riot occurred yesterday at Jessup, south of Savannah, in which two white men and several negroes were killed.

Marshal Barnhill arrested a drunken negro, when other negroes interfered and a fight followed, resulting in the death of the Marshal and a Mr. Wood of South Carolina and the fatal wounding of Mr. Wood of Jessup, Marshal Leggett and a citizen. About fifteen whites and blacks are known to have received injuries.

The neighboring towns have sent armed men, and the negroes concerned in the affair have been chased to the swamps. The Governor has been telegraphed to for troops.

Advices received from Jessup say that the situation is somewhat quiet, but an occasional shot is heard. The streets are still paraded by armed men.

A negro was found dead in an alley a few moments ago. Others of the wounded are reported dying. Fears are now entertained for the safety of the people remaining in the neighboring towns.

NEW YORK, Dec. 26.—A Savannah special says: Twenty negroes were killed in the riot at and around Jessup yesterday before darkness came on. The Georgia Hussars of this city, under command of Captain A. T. Gordon, are patrolling the village this morning. There is intense excitement over the killing of Deputy Marshal Matthew Barnhill and lumberman W. H. Woods. Marshal D. Leggett and station agent M. J. Woods, who were badly wounded, are resting easily today, and it is expected that both will recover.

While the negroes were retreating to the swamp, several of their white pursuers were slightly wounded, Marshal Leggett and another citizen fatally. Armed reinforcements from neighboring villages arrived promptly, and with nearly all the able bodied whites of Jessup, and many friendly negroes, a descent was made on the rioters. The negroes are well supplied with Winchesters and revolvers and made a sortie from one side of the swamp. They stood their ground for a very short time, but as the scrub trees did not afford much protection, several were shot down in the scramble for shelter on their retreat to the dense canebrake.

SAVANNAH, Ga., Dec. 26.—Nothing additional about the Jessup affair has been received, but wild rumors were afloat that there was serious trouble there this morning. The military there are under the command of Captain Gordon of Savannah, and are as follows: The Georgia Hussars, 37 men; Brunswick Rifles, 50 men; and Appaling Grays, 45 men. In addition to these, there are upwards of 100 members of different companies in the surrounding counties. The trouble yesterday began at 11 A. M., just as Chief Marshal Leggett was making his round. He saw a negro on the site of the hotel rapidly firing a rifle. "It is Bob Brewer," somebody said, and as the people began to pour out of the stores the name of the notorious outlaw and fugitive sent terror to the hearts of the citizens, who had watched the antics of Brewer. "It must be stopped," said officer Leggett, and he then went into his store and, arming himself with a shotgun, deputized William Austin, Mr. Jackson and W. T. Reddish to arm themselves and go with him to arrest the man.

SAVANNAH, Ga., Dec. 26.—The following has been received from Jessup: A posse of twenty men, under command of S. White, left for Lumber City to intercept Brewer and his gang, who, it is rumored, have gone there for reinforcements. Brewer's mother lives at Lumber City and it is suspected if he gets out of McMillan's swamp he will go to his mother. The firing along the pocket keeps up, but it is principally by boys. A crowd of armed men have just returned from a trip to the swamp and report four colored men found dead, but gave no names. They said they did not know the negroes. The jail was broken open early this morning and two negro prisoners were riddled with bullets.

IRRIGATION IN NEVADA.

By Associated Press.]

What the San Francisco Press Have to Say.

The San Francisco Examiner of last Tuesday says: Nevada is waking up to the value of irrigation. The success of the irrigating districts of California in making the waste lands fruitful has shown the value of the system and indicated to some extent the means by which it may be carried out.

The meeting at Reno last Saturday night showed the strong interest aroused in the subject in Nevada. It was addressed by numbers of the leading men in the State. It resulted in the formation of a strong organization of 150 representative men to further the work of bringing water to the land. There is no State in which irrigation is more needed than in Nevada, and there is no State in which it would show more important results. The desert plains of Nevada are bare for no want of natural fertility. The soil is rich in the natural elements of plant food. It needs only water and cultivation to make the land as highly productive as any in the world.

The task of bringing water to the plains of Nevada is a Herculean one, from the immense extent of the land that requires irrigation. The problem is made still more difficult of solution by the scarcity of sources of supply. It is not probable that enough water can be got to irrigate the whole of the desert or that capital can be found for some time in the future to convey it the long distances necessary if the water supply can be found. But a great tract can undoubtedly be reclaimed with the water near at hand and the money that can be raised. If the work is pushed with judgment and energy Nevada will in another decade make a showing as an agricultural as well as a grazing and mining State. Her lands will doubtless prove as great a source of wealth as her mines, and will give a larger and more staple population. It is encouraging to see the citizens taking the work in hand of themselves without waiting the slow movements of the general Government.

For mahogany, oak or pine wood, limb or split, all of first-class quality, thoroughly dry and full measure given, leave orders with J. M. Fulton and he will have it delivered in any part of the town. Terms, cash.

Grave Cause for Anxiety

Exists when the kidneys lose their activity. Prompt measures should be taken to renew it, otherwise Bright's disease, diabetes or some other organic trouble is to be apprehended as a consequence. Hostetter's Stomach Bitters is a most desirable diuretic, as its stimulative action upon these organs never crosses the border line of safety and never into irritation, as do many stimulants used for the same purpose. By the careless and uneducated the stimulant of commerce, heavy and unmedicated, are not suitable corrective agents in a case like this. They excite without producing a permanently desirable result. The "just medium" between them and an insupportable diuretic is the Bitters, which is also a specific for malarial complaints, dyspepsia, constipation and rheumatism.

The World's Sheep Supply.

According to figures compiled by a London firm the number of sheep known to be in domestication throughout the commercial world is 521,153,217 in the following proportions: Europe (excluding Turkey, but including the United Kingdom) and North America (including British Dominions), 223,260,321; Australasia, 97,893,896; River Plate District and Brazil, 92,000,000; Cape of Good Hope settlement and Natal, 16,000,000; Sandwich and Falkland Islands, 500,000; Turkish Empire, Greece, Roumania, Persia, North Africa and Russia in Asia, 87,000,000; on the West Coast of South America, in Central America and Mexico, 4,500,000. The figures for Europe are for the year 1887, those for Australasia for the year 1888, and the other places for 1877—the latest dates obtainable.

The above figures are clearly unreliable about some places. We have a general idea what the number of sheep on the Hawaiian Islands (called Sandwich by the English), and unless the Falkland Islands have a larger area than we have hitherto understood the two groups have no 500,000 sheep.

THE Utica (N. Y.) Herald says: "Mr. Cleveland's utterances on the imminent danger that threatens us from the intimidation and corruption of our voters were brave and significant. These, more clearly than his recent letter to the Ballot Reform Club of Brooklyn, place Mr. Cleveland among the advocates of genuine ballot reform."

If, as is said, Mr. Cleveland is a candidate for 1892, and if he hopes to bring around that reform so that it will bear upon the election, he is a very self-sacrificing gentleman, to say the least, for no one can realize better than he that on a square ballot he would lose New York, Virginia and West Virginia, and possibly Kentucky, Tennessee and Missouri.

"There has not been," says the Salt Lake Tribune, "a fair election in New York City in half a century. But some reforms have their beginning in catch-words. Possibly Mr. Cleveland means to use the catch-words for all there may be in them now, and leave the reform to perform its perfect work after he shall no longer have any personal interest in the matter."

THE London Globe, the semi-official Government organ, says England must keep Canada loyal by taking strong ground in the Behring Sea question. England does not care enough about Canada to keep her at the cost of a break with the United States, and she will push Behring Sea matters only within the bounds of good understanding. If we really wanted Canada a breach of peace with England would be the quickest way of getting it.

NELLY Bly arrived at Hongkong on the 23d, two days ahead of schedule time. Where, oh, where is Lizzie Bland? Is she riding in a howdah in India somewhere or watching a ballet of Nautch girls, like Phineas Fogg, Jules Verne's hero, or is she flying across land or sea? Our faith is pinned to Lizzie, and we are anxious to hear something of her.

THE story of a quarrel between the President and Speaker Reed seems to have about as much truth in it as some of the chestnuts regarding Blaine's relations with his chief. It is all in the eye of some Washington correspondent hard up for an item.

Scrofula
In Its Worst Form—"White Swelling" Cured.
The remarkable effect of Hood's Sarsaparilla in the following case illustrates the power of this medicine over all blood diseases:
"My son, 7 years old, had a white swelling come on his right leg below the knee, which contracted the muscles so that his leg was drawn up at right angles. Physicians lanced the swelling, which discharged freely, but did not help him materially. I considered him
A Confirmed Cripple.
I was about to take him to Cincinnati for an operation, expecting his leg would have to be taken off, and began giving him Hood's Sarsaparilla in order to get up his strength. The medicine woke up his appetite, and soon pieces of bone were discharged from the sore. We continued with Hood's Sarsaparilla, as it seemed to be doing him so much good, and the discharge from the sore decreased, and the swelling went down, the leg straightened out, and in a few months he had perfect use of his leg. He is now apparently as well as ever." JOHN L. McMURRAY, Notary Public, Ravenswood, W. Va.

NOTICES.

For your mid-day meals, go to J. J. Becker's Chicago Saloon, thereby saving time, money and shoe leather. His many years of experience in the restaurant business enables C. Lemery of the Arcade, to know just how to treat all comers.

Patronize John Frazier's Virginia street market for your roasts, steaks, chops, cutlets and Vienna, Bologna and pork sausage.

George Becker's Granite Saloon is where you will always find a warm fire, a good hot lunch and both Pacific and Fredericksburg beer.

W. T. Craig buys for cash, thereby enabling him to give his patrons the benefit of what he saves by so doing. No stale or shop-worn goods.

Those who have ever stopped at the Riverside Hotel do not need to be informed that it is the finest family resort on this side of the mountains.

E. C. Leadbetter sold lots of turkeys Christmas, but he still has on hand a large supply of fresh and good groceries. Try his smoked herring and dried beef.

John Balz's Commercial Row shop is the only place in town where three chairs are run, and the result is, no one is obliged to wait long in his shop for their turn.

To undertake to examine all the nice holiday presents to be seen at C. J. Brookins' variety store would be a hopeless task, for Mr. B. seems to have anticipated the wants of every child in the land besides the most of older people.

If you are looking for a holiday present that will be sure to please the old, middle-aged, youth or infant, examine C. A. Thurston's stock which he is offering at rates that enable everybody to purchase.

If you want anything in the line of nice furniture, you should not fail to examine those elegant black walnut dining room, parlor and bedroom sets to be had at E. C. Sessions', and his prices will be found satisfactory.

Croup can be Prevented.

We want every mother to know that croup can be prevented. There is no question about this; as it has been done in thousands of cases, and you may depend upon it that when a child takes the croup, it is owing to the negligence of its parents. True croup never appears without due and timely warning, a few hours, or a day before the attack, the child becomes hoarse. This hoarseness is the first indication of croup, and is a sure sign that croup is to follow, unless promptly and properly treated. The free use of Chamberlain's Cough Remedy as directed with each bottle, under the heading "To prevent croup" will dispel all symptoms of the disease. For sale by Osburn & Shoemaker.

Eupespy.

This is what you ought to have, in fact, you must have it, to fully enjoy life. Thousands are searching for it daily and mourning because they find it not. Thousands upon thousands of dollars are spent annually by our people in the hope that they may attain this boon. And yet it may be had by all. We guarantee the Electric Bitters, if used according to directions and the use persisted in, will bring you good digestion, and cure Dyspepsia, and indigestion, Eupespy. We recommend Electric Bitters for Dyspepsia and all diseases of Liver, Stomach and Kidneys. Sold at 50c. and \$1 per bottle by S. J. Hodgkinson, druggist.

Scrap of Paper Saves Her Life

It was just an ordinary scrap of wrapping paper, but it saved her life. She was in the last stages of consumption, told by physicians that she was incurable and could live only a short time; she weighed less than seventy pounds. On a piece of wrapping paper she read Dr. King's New Discovery, and got a sample bottle; it helped her, she bought a large bottle, it helped her more, bought another and grew better fast; continued its use and is now strong, healthy, rosy, plump, weighing 140 pounds. For further particulars send stamp to W. H. Cole, druggist, Do Smith. Trial bottles of this wonderful medicine free at S. J. Hodgkinson's.

The Best There Is.

A new typewriter has been invented by the party who invented all of the Remington and all of the Caligraph. It has no ribbon, no wooden bars, but is all steel, prints true and without any blur. It costs an even hundred dollars, and is worth two of any other machine. It prints better, wears longer, is easier to learn and works faster, besides other recommendations. C. A. BRAGG, Agent.

Among the innocents of childhood that stand out in bold relief, as our memory reverts to the days when we were young, none are more prominent than those of sickness. The young mother vividly remembers that it was Chamberlain's Cough Remedy cured her of the croup, and in turn administered it to her own offspring and always with the best success. For sale by Osburn & Shoemaker.

Bucklen's Arnica Salve. The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, chapped hands, chilblains, corns and all skin eruptions, and positively cures piles or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by Hodgkinson & Co., druggists.

WADSWORTH NOTES.

What is Going On in the Pretty Little Town.
Snow covered the ground at Wadsworth for the first time this season on the 23d inst.
Christmas turkeys are in demand. Extensive preparations are being made to present an attractive program at the Xmas tree. It will be a grand success if labor and generous contributions can make it such.
We have a fully equipped dancing school in successful operation in our city. Lovers of the art may now indulge unto safety.
The public schools will close for a week only—too short a vacation to suit the boys and girls.
If you don't believe Wadsworth is booming up, just take a look at the new residences in Dodge's Addition. There is improvement on every hand in that portion of town.
Wadsworth, December 23d.

Run It on the Inside.

"Here is an article that was handed me down in the drug store," said the reporter, as he gave the editor of a Kansas daily an oblong object wrapped in a newspaper. "I thought maybe you might wish to use it."

Yes," was the reply, as from the depths of the package the editor removed a cork and allowed something to trickle down his throat. "The article is appropriate, and I think we will run it on the inside this afternoon."

The Storm.

The continued mild weather indicates that the storm is not entirely over. Yesterday morning there was in this vicinity 18 inches of snow on the level, but on account of the low degree of temperature it has continued to gradually settle. Notwithstanding the fact that it has been snowing much of the time since, the quantity has gradually lessened.

Dividing the Honors.

The GAZETTE presented a double sheet to its patrons for Christmas. It made a special feature of Reno's schools, and some of its business men, and with the aid of some of the Journal's public building cuts issued a very creditable Christmas number. The GAZETTE is a hard worker for this section and well deserves the patronage of the public.—Journal.

Grass Roots Thought to be Killed.
The New Era, published at Alturas, Modoc county, Cal., says that fears are "entertained by a good many of our ranchers that their meadows will have to be reseeded, as they think the roots have been killed by the long spell of dry weather, but we think they are a little premature in their guesses."

Sleigh Riding.

Sleigh riding was universally indulged in yesterday and last evening. Every available contrivance was improvised that a "cutter" could be made of, and a jolly time was the result. Yesterday was a Christmas that will long be remembered by the citizens of Reno, both old and young.

Value of Cows and Chickens.

One hundred dollars' worth of cows and chickens will make a living for a small family. Eggs are seldom as low as 15 cents a dozen, rarely sells for as little as 20 cents. One making a good article can have regular customers the year round at 50 cents per two-pound roll.

I. O. O. F. Election.

Buena Vista Lodge, No. 21, I. O. O. F., located at Unionville, in Humboldt county, has elected the following officers for the ensuing year: C. H. Groves, N. G.; D. W. Johnson, V. G.; Henry Fellows, Secretary; T. J. Hadley, Treasurer.

Another Omission.

The name of C. W. Grover of Elko was omitted in the published list of charter members of the Board of Trade through an oversight of the compositor who set up the list. The GAZETTE regrets the omission.

Trinity Church.

The little folks belonging to Trinity Church Sunday School were all remembered Christmas. Each scholar received a memento from Old Santa, and the children went home happy.

Calendars in Any Color.

The GAZETTE office is prepared to print calendars, with business card on the same, plain or in colors. Send in your orders immediately.

Do you want to be presented with a reliable door book free? If so read the advertisement on the fourth page.

Railroad Conductors,

ENGINEERS, FIREMEN, BRAKEMEN, GRIPMEN,

All that Ride Continuously TAKE NOTICE.

It is a well-known fact that nine out of ten of all classes of people whose business calling is railroading, where they ride day in and day out, will sooner or later complain of severe pains in their backs. CAUTION! What does this mean? Ask yourself the question. We will answer it for you. Your kidneys are fast becoming diseased, and if you neglect them there is one result—CERTAIN DEATH. We have had many cases, and hold testimonials of railroad men that have taken their trouble in time, and by the use of the greatest vegetable remedy that has ever been introduced in the world, viz: THE GREAT KIDNEY AND LIVER CURE, have been cured and their kidneys strengthened to such an extent that they can pursue their vocations without fear. This wonderful remedy is becoming daily the most popular of any Kidney and Liver Cure that ever has existed. Give it one trial and you will send to us a testimonial to add to our large and fast increasing list. For sale by all druggists.

TAKE NO OTHER.

BREVITIES.

Local and General Intelligence.
Constable Upson deserves especial credit for having stopped that snow-balling nuisance.

The sidewalks are in such a slippery condition that, unless one is careful, both ends are liable to meet.

Berry & Novacovich, who receive their celery from Hawthorne, say it is far superior to any ever obtained from California.

Passengers should take the brand new Chicago, Union Pacific & Northwestern line from Reno to Chicago and all eastern points.

The Daughters of Rebekah, I. O. O. F., will give a domino party on the evening of the 9th of January, and if they do not have one of the pleasant parties of the season it will not be because they are not doing their utmost to succeed.

PERSONAL.

J. L. Wines and wife returned to Reno this morning.

Mrs. D. A. Bender returned from below this morning.

George Winters spent his Christmas among his Reno friends.

The two young sons of M. J. Curtis arrived this morning from Vermont.

C. W. Jones, who for the past three weeks has been rusticated at the Bay, returned this morning.

Rheumatism originates in lactic acid in the blood, which settles in the joints causes the pains and aches of the disease. Hood's Sarsaparilla cures rheumatism by naturalizing the acidity of the blood and giving it richness and vitality. Try Hood's Sarsaparilla.

AN ASTONISHING CHANGE.

"My dear madam, I never saw you looking so well, and you were so poorly, too."

"Yes, doctor, Joy's Vegetable Sarsaparilla is the greatest thing in the world for run-down, nervous and debilitated women. That's the secret of my appearance."

Up to a month ago Mrs. Belden, an elderly lady, living at 510 Mason street, San Francisco, was failing in health and flesh so rapidly as to seriously alarm her relatives. She now writes: "I have taken but one bottle of Joy's Vegetable Sarsaparilla, but it is astonishing. I am regaining my lost flesh and have not felt as well in years."

Novelties and Knowledge.

A new book of attractive reading, brimful of good things worth knowing and illustrated, is just issued. It contains a large collection of valuable autographs, excellent receipts for plain dishes, humor in rhyme and prose, monthly calendars, and can be had of all druggists and dealers, or, by sending a two-cent stamp to the publishers. An important feature of the work is its offer of free music, which offer is set forth therein, and by procuring the book at once any one can be supplied with a choice selection. The little volume is the St. Jacobs Oil calendar for 1889-90, published by the Charles A. Voelger Company, Baltimore, Md. It is fully the equal of any of its predecessors in the interest of the great remedy for pain, St. Jacobs Oil, whose virtues never abate and whose popularity never wanes. The demand for both book and medicine is very great.

Advice to Mothers.

Mrs. Winslow's SOOTHING SYRUP should always be used for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Twenty-five cents a bottle.
